PROFESSIONAL SUMMARY

Results-driven **Full-Stack Developer** with specialized expertise in the **Laravel** ecosystem and **React.js**. Proven track record in building scalable backend architectures, designing secure RESTful APIs, and developing modern, responsive user interfaces. Experienced in high-stakes environments (IXCoders / Tamkeen Program), focusing on clean code, system reliability, and performance optimization for enterprise-level applications.

TECHNICAL SKILLS

Backend:	PHP, Laravel, RESTful API Design, MVC Architecture, Authentication (Sanctum/Passport), API Security.
Frontend:	React.js, JavaScript (ES6+), Material UI (MUI), Tailwind CSS, Axios, State Management.
Database:	MySQL, Database Design (Normalization), Query Optimization, Indexing, Eloquent ORM.
Tools & DevOps:	Git/GitHub, Postman Documentation, Firebase (FCM), Pusher (Real-time), Stripe Integration.

PROFESSIONAL EXPERIENCE

Full-Stack Developer Trainee | IXCoders (Tamkeen Program) Sept 2025 – May 2026

- Developed scalable backend systems using **Laravel**, applying **Service Pattern** and **MVC** principles.
- Built and documented production-ready **RESTful APIs** with comprehensive Postman collections.
- Optimized complex database queries, reducing data retrieval time for large-scale datasets.
- Collaborated in a professional Git-based environment, adhering to **Clean Code** standards.

KEY PROJECTS

Enterprise E-Commerce & Inventory Management Platform

- Developed a full-stack system featuring a sophisticated **Monthly Inventory/Stocktaking** module.
- Built a high-performance **Admin Dashboard** using React and MUI for real-time sales and stock monitoring.
- Integrated **Stripe** for secure payments and handled complex state management for the shopping cart.

Dr.Pets – Veterinary Management System (Final Graduation Project)

- Architected a secure API structure with **Role-Based Access Control (RBAC)**.
- Implemented real-time features including **Live Chat (Pusher)** and **Push Notifications (Firebase)**.
- Designed a normalized database for managing clinics, bookings, and medical histories.

EDUCATION

Bachelor's Degree in Information Technology

International University for Science and Technology (IUST)
